ThinkBox is a library of learning resources providing just-in-time, powerful tools for today's busy employee. ThinkBox is relevant and succinct – distilling expert advice, experience, and templates into hundreds of engaging, to-the-point development resources. The entire library is easily tailored to your organization's competencies, providing your people with relevant resources, right now.

Get in the Box. Visit [www.ThinkWiseInc.com](http://www.ThinkWiseInc.com) for more.

**Complete** - Written for underuse and overuse of each supporting competency in ThinkWise.

**Actionable** – No “fluffy” advice. Tips are realistic, actionable, and provide step-by-step guidance on practical actions you can take.

**Useful** – Step-by-step coaching guides provide guidance on how to coach employees. Corresponding Personal eCoaching is self-guided and intuitive.

**Effective** – Utilizes cognitive-behavioral coaching, a method shown to be more effective than traditional approaches to behavior change.

**Practical** – Provides guidelines and templates for common management and leadership challenges.

**Time-Saving** – Toolkit items include documents and presentations that can be customized and changed as desired.

**Quick** – All videos are six minutes or less, providing straight-forward tips and advice on topics relevant to your competencies.

**Authoritative** – Presenters are all experienced consultants, professors, and business leaders.

**Sound** – Uses effective instructional design strategies to teach concepts and test knowledge.

**Interactive** – Includes interactive questions, quizzes or videos on almost every-other page.
